

Have you ever desired to reach a whole new demographic of children in your community?

Use *Speaking English with Ace and Christi*.

The most effective way to reach the world for Christ is to reach children. To train children is to train the future. Loved ones of the children will appreciate your love and concern. Millions of children are not hearing the Gospel story because of a language barrier. Accelerated Christian Education offers a solution.

Speaking English with Ace and Christi is a special English program designed for children who do not speak English as their first language. An easy-to-understand program, *Speaking English with Ace and Christi* not only provides the foundation of a basic knowledge of the English language but also creates opportunities for a supervisor to explain the basics of the Gospel.

Today, hundreds of schools in Russia, China, Latin America, and African nations use the *Speaking English with Ace and Christi* program, but what about the children in your community? They need to learn English too!

Speaking English with Ace and Christi focuses on conversational English skills and will prepare your students for English ABCs with Ace and Christi.

The practical tools of a two-volume, easy-to-follow manual; fun-filled Activity Pacs; and a sing-a-long audio tape are just a few of the exciting blessings of this amazing English language course. Consider implementing *Speaking English with Ace and Christi* in your Learning Center today! Or offer evening classes to reach these children in your community.
