

Unapologetically Biblical

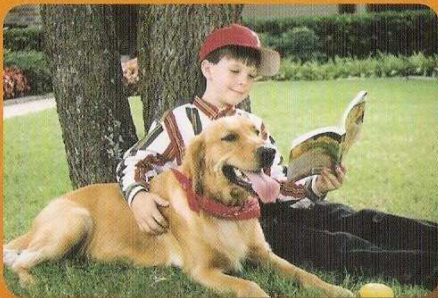

Education apart from Biblical values is not true education. Our curriculum instills traditional moral values and Biblical principles in the life of each student.

Character traits like kindness, loyalty, and honesty are taught within the curriculum. The student can observe Godly living in the Christian character illustrations and then apply the lessons to his own life.

Character training received as part of this learning experience prepares the student to welcome and accept challenges and future opportunities that come his way.

“Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.”

Philippians 4:8

Diagnostic placement testing ensures that a student begins at the exact point of his academic needs. Diagnostic testing determines if there are any learning gaps. The student can simply fill in the learning gaps without the stigma of failing a grade or falling behind.

Individualized Learning

Accelerated Christian Education has taken the conventional textbook and divided it into bite-sized, achievable worktexts. These worktexts, called PACES, include self-instructional lessons and activities. Each level consists of 12 PACES in each subject.

Each student begins a PACE by noting the goals, the concepts he will learn, a Bible verse, and a corresponding character trait. From the very beginning of each PACE, the student knows what is expected, and assumes the responsibility for his own learning!

Full color explanations and illustrations add excitement to each lesson, and innovative learning activities reinforce the interesting text material.
